

# Outsourcing expertise you can rely on from the source you can trust.

8 of the 10 largest global bio/pharmaceutical  
companies rely on PHARMSOURCE STRATEGIC ADVANTAGE.

**Pharm  
Source**

A GlobalData company

**STRATEGIC  
ADVANTAGE**

*The bio/pharmaceutical  
outsourcing intelligence portal*

[www.PharmSource.com](http://www.PharmSource.com)

Our **proprietary database platform** gives you instant access to identify service providers and their capabilities—saving you time and money.

**Strategic outsourcing knowledge.**  
**Timely information.**  
**Mission-critical insight.**

“

*PharmSource's databases are invaluable for us in identifying and investigating well-suited CMOs.*

—Head of Commercial Contract Manufacturing

The PHARMSOURCE STRATEGIC ADVANTAGE database platform includes:

▶ **Contract Service Providers**

Find more partners to expand your global supplier network. Sort through hundreds of CMOs and CDMOs around the world in minutes, discovering their detailed capabilities, client relationships, products manufactured, M&A activity, financials and much more.

▶ **Emerging Markets Manufacturers**

Identify manufacturing and packaging facilities in emerging markets, including facilities of bio/pharma companies that may offer excess capacity. Overcome the challenge of finding in-country manufacturing partners when there are few CMO options.

▶ **Approved Drug Products**

Find CMO partners based on their experience with approved products that share your technical requirements. Qualify CMOs based on their outsourcing relationships for known branded products. A Who's Who of manufacturing relationships since 2005.

▶ **Monthly**  
*Bio/Pharmaceutical  
Outsourcing Report*

Our flagship publication goes beyond industry news to provide analysis and insight on market conditions and events of significance—and what these mean for your business.

▶ **Quarterly**  
*Emerging Markets  
Outsourcing Report*

This briefing keeps you attuned to market and regulatory developments in Asia, Latin America and Africa. These are important new markets for global bio/pharma companies whose requirements are continuously evolving.

▶ **Ongoing**  
*Trend Reports*

Our continuous industry research generates expert, data-rich trend reports that provide you with invaluable input for decision-making and strategic planning. A few of our recent trend report topics:

- *Contract Dose Manufacturing by the Numbers*
- *The Demand and Supply for Contract Manufacturing of Conventional and Cytotoxic Injectable Drugs*
- *CMO Scorecard: Outsourcing of NDA Approvals*
- *Catching a Wave: How Much Will CMOs Benefit from Biosimilars?*

“

*These reports keep us informed like none other. We know from experience that PharmSource's analyses are the only ones we can have confidence in.*

—Director of Strategic  
Business Intelligence

Our **expert reports** help you develop your strategic sourcing plans and monitor CMO and CDMO performance.

# PHARMSOURCE STRATEGIC ADVANTAGE— the indispensable suite of market intelligence resources.

**Global coverage.**
